

“Searching for the American Spirit” Webinar

The webinar will be a way to connect to the American folk soul through history and the spirituality that has unfolded throughout three millennia. It will aim at addressing the following questions:

- How does America’s mission fit within the Michaelic Age? What does it have to contribute to it?
- How can it be understood in the light of spiritual science?

The Methodology

- A symptomatic approach to history and its boundaries and differences with conventional historical research
- The imaginative language of myths and legends
- The imaginative language of biographies

The Format

Subject to slight changes, this will be the basic session’s format:

- 12 2-hour sessions
- 2 mini-presentations (30’ to 40’) per session followed by questions to clarify and expand
- 15’ open conversation
- 5’ Announcements and networking on webinar related themes (participants can announce what they have worked/are working on)
